Sallybooks arises as a publisher specialised in comic and children's and young picture books.

We give a first professional opportunity to undiscovered writers and emerging draftsmen and draftswomen, not only within the national scene but also the international one. Our main target is to create quality books and encourage the reading among children.

Although we are a young publisher, our collection is growing year after year, covering a range of public from zero to eleven years. We bet on freshness and innovation, offering narratives adapted to the children's cognitive development. In the same way we also develop a range of books pointed to autism children.

If you wish to publish any of our works in your country or in another language, please contact us by sending an email to the following email address: [info@sallybooks.es](mailto:info@sallybooks.es) and we will reply as soon as possible.

Thank you very much for your interest.
